

REFERENCE LETTER

Ekstraklasa S.A. in the headquarters at Wybrzeże Gdynskie 6D in Warsaw we hereby confirm the delivery and implementation of Plus Workflow business processes and documents management system. The system, which has been integrated with the ERP class system – Optima, on a daily basis supports the following business processes:

- management of cost invoices;
- management of holiday requests;
- Settlement of the business trips.

During analytical and implementation work, Suncode consultants demonstrated great knowledge, experience and professionalism, which resulted in efficient implementation of the system in line with our business and technical expectations. Thanks to this, the flow of documents in our company has become easy and intuitive.

Considering all aspects of the cooperation, the implementation process as well as the system's functionality, we can recommend Suncode as a partner providing comprehensive IT solutions of the Workflow class to manage business processes and documents at a high technical and substantive level.
